The marker being in which the user or patient is streamlined.

Any serious reaction that occurs in relation to the device should be reported to the manufacturer and the competent authority of the country in which the device is marketed.

WARNING

DISPOSAL

The product is to be disposed of as controlled medical waste according to national guidelines.

DIRECTIONS FOR USE

1. Ensure the marker is dry before placing the light handle onto the marker, ensuring that the light handle is fully engaged. Avoid placing the light handle on the marker while it is wet. Disengage the light handle and re-engage it with the marker to ensure proper functioning.

2. Apply the grip-ring to the light handle. Ensure that the grip-ring is firmly attached to the light handle to prevent it from coming off.

3. Apply the light to the marker. Ensure that the light is correctly positioned on the marker to ensure proper operation.

This product is intended for use by a non-technical healthcare professional with a healthcare establishment.

In the event of malfunction, do not attempt to repair the device. Contact the manufacturer for repair or replacement.

PRODUCT CHARACTERISTICS

The product is designed to provide instructions on how to use the device properly. It is not a substitute for clinical decision-making and does not replace the need for professional medical advice.

These instructions are to be used by suitably trained healthcare professionals with a healthcare establishment.
