

Instructions For Use

EmDress - Dressing Pack

Open pack onto the clinically clean work surface

Wash hands with soap and water

Carefully open outer wrap onto the work surface creating a sterile field

Put on the provided apron

Keeping your hand within the disposal bag remove any existing dressings from the wound

Invert the dressing within the bag and then secure the waste bag in an easily accessible location

Wash hands according to local policy

Apply sterile gloves from the pack

Cleanse and dress wound according to local policy

Once the procedure is complete fold the sterile field inwards and place the contents in the waste bag

Seal waste bag and dispose of as per policy
